

Dewey Would Utilize Strength Of America

New Yorker Talks In Home State Of Wife

Oklahoma City, Oct. 13—(AP)—Governor Thomas E. Dewey today promised an administration which will "cost off the shackles of confusion and defeatism and despair" if he is elected president.

The Republican nominee sounded the keynote in an address prepared for delivery here at 5:30 p.m. (CST) and in a round of other speeches in Oklahoma.

In Tulsa, where Dewey drew the most enthusiastic welcome and the biggest crowds of his campaign, he told an applauding audience:

"It's time we started leading from strength instead of from weakness and confusion."

Lunch With Parents
In Sapulpa, the governor and Mrs. Dewey left the train and had lunch at the home of her parents, Mr. and Mrs. O. T. Hutt.

Dewey called them "the grandest folks in all the world" in talking to the throngs of people who gathered to see him.

The Hutt's stood beside their daughter and the GOP candidate on the rear platform of the train.

In the crowd were signs reading "welcome to Tom and Frances" and "Mrs. Dewey, the wife of the next president."

Dewey told the crowd: "we will mobilize the strength of the immensely productive country so strongly that no dictator will ever again dare to attack us."

Tulsa Streets Jammed
Downtown Tulsa streets were jammed as the New York governor's motor caravan made its way to a south-side park.

Tulsa police chief J. W. Hollinsworth estimated the crowd at 45,000. The chief estimated the crowd at the park at 6,000.

Declaring the problems of peace cannot be solved "in a world over which war is hanging like a shadow," Dewey called for a halt to "this wobbling and improvising" which he charged to the Truman administration in the foreign policy field.

Republican Says U.S. Government Is Too Large
Philadelphia, Oct. 13—(AP)—The United States government is too big, Rep. Everett M. Dirksen (R-Ill.) told the final session of the Chamber of Commerce executives convention today.

"The government is gargantuan in sheer dimensions and equally gargantuan in its bewildering variety of functions and ramifications," Dirksen said.

The congressman from Illinois said there was one federal employee for every 30,000 persons in the time of George Washington and one for every 610 persons during Abraham Lincoln's term in office.

"At the present time," he continued, "the number of federal civilian employees is about one per 72 persons."

CIO Steelworkers Remove Admitted Red From Union
Pittsburgh, Pa., Oct. 13—(AP)—The CIO United Steelworkers executive board today announced it had removed Nick Migas from a local union office at Indiana Harbor, Ind., after deciding he was an admitted communist.

Migas has been grievance committeeman of Local 1010, Indiana Harbor. The board said the action complies with the CIO-USW constitution which prohibits officers from being communists.

Truman Smashes GOP Proposals For 'Unity'

St. Paul, Minn., Oct. 13—(AP)—President Truman summoned all the "forces of liberalism" to his side tonight to battle for a democratic victory against a republican party he said wants to "buy" the United States government.

Mr. Truman smashed at republican candidate Thomas E. Dewey and his calls for "unity" and "efficiency."

He hammered at Minnesota's republican senator, Joseph H. Ball, for "fanatic zeal" in helping pass the "shameful" Taft-Hartley Labor law.

He slapped at the entire republican party on grounds it "either corrupts its liberals or expels them."

He yanked the foreign policy directly into the campaign. He said Dewey supplied no unity on that front as late as the 1944 campaign.

And republican leaders, he said, were "mainly isolationist" in 1940 with "half the world in flames."

With a democratic congress and president, Mr. Truman said, there will be "the right kind of unity" in the country, unity for social advances, the party pioneered, in support of farm and housing programs, labor's rights of collective bargaining, expanded social security, education and medical care.

"Moreover," the president said in an address prepared for delivery here in the municipal auditorium, "we will be unified in our efforts to preserve our prosperity and to spread its benefits equally over all groups in the nation."

"With such unity as this, we can fulfill our God given responsibility in leading the world to peace."

Today, the president said, the forces of liberalism face a crisis. He said there is a choice between "the Wall street way of life and politics," and a democratic program that is concrete, realistic, practical and worth believing in and fighting for.

Veronica Awaits Birth Of Baby In Midst Of Squabble
Los Angeles, Oct. 13—(AP)—Veronica Lake was taken to Good Samaritan hospital tonight to await birth of her third child in the midst of a money squabble with her mother.

The tiny blonde movie actress was taken to the hospital for observation, her physician said. Birth of the child is expected soon.

Her mother, Mrs. Constance Veronica Keane, earlier said Miss Lake "tossed her off like an old shoe" after hitting the Hollywood big time.

Mrs. Keane, 47, sued her daughter and the actress' husband, Producer Andre De Toth, last Monday, for \$500 monthly support. The suit also asked \$17,416 she claims is due under a 1943 support agreement.

"I paid mother \$115 a week until my stepfather died, and paid his funeral expenses," Miss Lake countered. "Then I paid her \$56 a week."

"I've cut the allowance because I'm supporting my grandmother, my mother-in-law, two children, a nurse and now another baby is due," the mother's suit said Miss Lake earns \$4,500 weekly.

French Communist Strike Campaign Gradually Ending
Paris, Oct. 13—(AP)—There were signs tonight that the communist hit-and-run strike campaign was ebbing.

The nation's coal mines were still idle for the 10th day, however, and France's ports were tied up by a 24-hour dockers' strike.

Throughout the nation, rail workers were going back to work after sporadic walkouts.

IPC Loses Court Battle To Block Natural Gas Cut

Springfield, Ill., Oct. 13—(AP)—The Illinois Power company and Illinois Commerce commission today lost their court battle to prevent reductions in natural gas deliveries to industrial users.

Federal Judge Charles G. Briggie granted a temporary injunction restraining the utility from refusing to comply with a 50 per cent cutback ordered by Panhandle Pipe Line company. He said he probably will sign the formal court order Friday.

His decision backed up the federal power commission, which brought the injunction suit. The federal agency said the reduction was necessary for Panhandle to meet its contract obligations in Michigan and Ohio.

Illinois Power first put the curtailment into effect, then restored full service to interruptible customers on the advice of the State Commerce commission.

Spokesmen for industries hit by the cutback, especially the A. E. Staley Company of Decatur, contended it would cause "irreparable economic losses."

In all, 22 industrial users were affected by Panhandle reduction order. They are located in Decatur, Danville, Champaign, Peoria, Jacksonville, Canton, Lincoln and Abingdon.

Judge Rules Reds Want U.S. Citizens Rights, Not Duties
Denver, Oct. 13—(AP)—Paul M. Kleinbort, 29, was given an indeterminate jail sentence by Federal Judge J. Foster Symes today for refusing to answer questions before a federal grand jury investigating communist activities in Colorado.

Tracy R. Rogers, appearing with Kleinbort, was granted a delay and was given his freedom under \$1,000 bond.

Four other persons, including Arthur Bary, self-styled chairman of the Colorado communist party, have been given jail terms for contempt resulting from the grand jury investigation.

Kleinbort told the court in his refusal to testify he was "following the freedoms granted under the fifth amendment."

Judge Symes replied: "The trouble with you people is that you set yourselves up as judges of the law of the land. You have rights as a citizen, but you also have duties."

Supreme Court To Hear Third Party Complaint
Washington, Oct. 13—(AP)—The U. S. Supreme court agreed today to give a quick hearing to an attack on a law which the Progressive party says is keeping it off the November election ballot in Illinois.

The high court said it will hear the case Monday. Briefs are to be filed by Saturday.

The request for a hearing was made in a petition filed by Curtis D. MacDougall, Progressive candidate for senator, and others.

The petition urged the court to declare unconstitutional an Illinois law requiring that at least 50 of the state's 102 counties must be represented by at least 200 names each on a nominating petition.

It also asked an order requiring election officials to put the name of Henry A. Wallace, the party's presidential candidate, on the ballot.

A special three-judge federal court held the law constitutional earlier this week. It refused to change rulings of state election officials in the case.

Plan Park Near Your Desk Office Building In D. C.
Chicago, Oct. 13—(AP)—A park near your-desk office building is planned for Washington, D. C., as the newest approach to the downtown parking problem.

The American Society of Planning officials said construction is scheduled to start next month.

The building is designed so tenants can drive their cars up a circular ramp to their own floor. Their cars would be parked on the same floor as their office.

The building will have 180,000 square feet of rentable office area, with an additional 135,000 square feet for parking—enough for 450 cars.

Russia Rejects Efforts To Mediate Berlin Crisis

Soviets Ask Removal Of Foreign Missions In Germany's Capital

Berlin, Oct. 13—(AP)—The Russians have proposed that 15 nations having military missions in Berlin close them and withdraw from the city, the official Soviet Press disclosed today.

The missions—little embassies—are accredited to the four-power allied control council. They look after the interests of their countries post.

He was Waldemar Schmidt, chief of the city government's labor department until the city council fired him last week.

The magistrat moved from the city hall in the Soviet sector to a meeting place in the British sector when Schmidt ignored orders to leave the meeting.

Warren Charges Truman Spreading Ugly Accusations
Spokane, Wash., Oct. 13—(AP)—Gov. Earl Warren tonight charged President Truman had uttered "ugly" criminal accusations and had deliberately fostered class and sectional bitterness for "political advantage."

Only the Kansas City Penitentiary machine of Mr. Truman's native state, Warren said, "seems to be satisfied, contented, and happy in his association."

The republican vice presidential candidate's speech was couched in the most forthright terms yet employed in his month-old transcontinental campaign tour.

Prepared for delivery at Spokane's national guard armory on his return to his native Pacific coast, he leveled charges against Mr. Truman and administration candidates "as facts which deny challenge."

The democratic party, he said, is in "turmoil." The twelve states of the traditionally democratic south are in "open revolt." At a time of crisis, the American people are "without adequate leadership."

Colin Kelly Of Pearl Harbor Fame Buried In Florida
Madison, Fla., Oct. 13—(AP)—Capt. Colin Kelly, who died a hero's death three days after Pearl Harbor, was given a hero's funeral today in this small town of his boyhood.

And his eight-year-old son, Colin III, described by President Roosevelt as "a young American with a goodly heritage," was given the flag from his father's casket.

The youngster—called "Corky" by his family—stood stiffly at attention when the stars and stripes were presented him by Capt. William E. Prantz of the 14th Air Force, Orlando.

"Corky, this flag is yours," said Prantz. "It's a small token of appreciation from a very grateful nation for the supreme sacrifice of your father."

Kelly went down in his plane Dec. 10, 1941, after bombing the Japanese battleship Haruna. He had ordered his crew to parachute to safety.

U.N. Delegates At Odds On Use Of Word 'Class'
Paris, Oct. 13—(AP)—United Nations delegates referred to the writings of Thomas Jefferson and Francis Bacon today in a two-hour effort to agree on one word.

Russia suggested "class" be added in a draft declaration on human rights to the list of racial and other discriminations to be avoided. India proposed "caste."

Mrs. Franklin D. Roosevelt said she thought both words were "outdated." "We admit caste and class distinctions do exist," she said, "but we don't try to emphasize them."

This declaration is trying to say what we are trying to achieve," Mexico's Raul Noriega suggested. Mrs. Roosevelt "stop being afraid of words" and added that America's Thomas Jefferson had used "class" and got away with it.

Jose Antonio Quadros of Uruguay then proposed "status" and Russian delegate Alexei Pavlov countered with the compromise "estate."

Would Throw German Case Out Of U. N.

Russia, Oct. 13—(AP)—Russia rejected tonight efforts of the six neutrals to mediate the Berlin crisis, it was authoritatively reported. The security council was called to meet Friday to take up the issue once more.

Soviet Deputy Foreign Minister Andrei Vishinsky handed the Kremlin's answer to Juan A. Bramuglia of Argentina, council president on the Berlin question.

The Russian reply still was a secret officially. But an authoritative western source said its main points were:

1. Throw the Berlin case out of the Security Council.

2. Go back to the Moscow agreement of Aug. 30 and renew negotiations.

The informal agreement in principle of Aug. 30 with Marshal Stalin and Foreign Minister Molotov provided for Soviet zone currency for all Berlin under four-power supervision, and lifting the blockade.

Going back to the Aug. 30 agreement might mean a Russian retreat from the additional demands made by Soviet Marshal Vassily Sokolovsky in Berlin that the Russians control air traffic to Berlin. Western spokesmen did not comment on whether this was their interpretation, however.

An authoritative source declared the Russian answer put the western powers back where they were. He added: "I imagine some of the 'little six' who have been attempting to mediate the situation will be disappointed."

Will Continue Berlin Boycott
The Russians' answer also signified that they would probably continue their boycott of discussions on Berlin before the Security Council.

Bramuglia said the six neutrals would not meet again on mediation efforts.

A final conference of the neutrals—Argentina, China, Canada, Belgium, Syria and Colombia—lasted an hour and a half after the Russian reply was received. Earlier Bramuglia had talked for an hour with Vishinsky. Then he talked for over an hour with Dr. Philip C. Jessup, U. S. deputy handling the Berlin case in the council.

There has been no official announcement on what the neutrals had proposed to the Kremlin. Unofficial reports have said it was a face-saving measure involving the lifting of the Soviet blockade of Berlin and calling of a four-power foreign ministers council.

Western Powers Firm
The western powers have remained firm that the blockade must be lifted before any talks on Germany or Berlin take place.

The Security Council will meet at 3 p. m. tomorrow to discuss alleged violations of the Palestine truce.

Sir Hartley Shawcross of Britain called on Russia to raise the iron curtain and end with "one little word—stop" what he charged was Moscow-directed sabotage of recovery and political stability by fifth column communists.

Soviet Deputy Foreign Minister Jacob A. Malik replied there is no iron curtain, and that communists in all nations are patriots fighting for the freedom of their countries.

Co-Ed Relishes Grasshopper For \$2
Macon, Ga., Oct. 13—(AP)—Today's psychology class at Mercer University was discussing things people would do under certain circumstances.

Dean Richard Burt explained that a man might eat a grasshopper for \$5,000.

Pretty co-ed Ann Miller stood up and said she'd eat a grasshopper for \$2.

Two students dashed out and trapped a grasshopper on the campus. The other students raised \$7.

Ann gulped down the grasshopper and said it tasted "kind of crisp." She kept \$2, gave \$5 to the community chest.

The grasshopper didn't make Ann sick, but some of the other members of the class weren't feeling too good.

Doves are not as peaceful as they are supposed to be. They quarrel among themselves, though generally not among other birds and creatures.

SENATOR C. WAYLAND BROOKS—STaunch
DEFENDER OF ALL THINGS AMERICAN

Many Illinoisans will take especial pleasure in voting for United States Senator C. Wayland Brooks on Nov. 2 because of his intense loyalty to his country and his devotion to his job of representing the people of this state in the Senate. Senator Brooks is one of the staunchest defenders of the American way of life. He fought New Deal ideologies which infringed on the rights of the people. He was outspoken against treaties and deals with foreign countries when he believed the United States was being short-changed. Before voting for any legislation Senator Brooks wants to know how it will affect America. If he is not satisfied that this country is not getting a fair shake, he is among the first to raise his voice against proposed measures. Americans who have come to realize that their country has often fared poorly around the international conference tables wish that more men of Senator Brooks' fearlessness were in the Senate.

Political opponents sometimes misconstrue his stubborn loyalty for all things American. Senator Brooks has been branded as reactionary—his foes love to refer to him as an isolationist. But when his record is figured up, all that it shows is one hundred per cent Americanism, the kind Americans expect and ought to get from all of their duly elected officials. Senator Brooks is recognized as one of the foremost foes of Communism in Washington. During his campaign for reelection he has pledged himself repeatedly to the most vigorous enforcement of the laws against those enemies and spies who are continually chopping at the foundations upon which this country grew to greatness.

"We are going to expose the treasonable activities of these forces and adopt whatever laws may be necessary to prevent them from setting up here a godless dictatorship controlled from abroad," Senator Brooks has told central Illinois audiences during the past few weeks.

Senator Brooks' record as a soldier and a legislator is outstanding. He is chairman of the powerful rules and administration committee, third ranking member of the Senate appropriations committee, and a member of the majority policy committee. Upon his reelection he will be the eighth ranking Republican senator in Congress.

The Republican senator from Illinois is chairman of the appropriations sub-committee on agriculture, a highly important position to this rich agricultural state. In the last Congress, Senator Brooks' sub-committee approved unprecedented appropriations for extension of rural electrification, for the development of rural roads, for research and aid to the farmer for the development of new crops and new crop uses.

In the days ahead, we believe the best interests of Illinois and the nation will be served if Senator Brooks is returned to the Senate for another term.

Hospital Staff

Springfield, Oct. 13—(AP)—Dr. Warren G. Murray, for 26 years superintendent of Dix State hospital, died today at Mayo Brothers clinic in Rochester, Minn., Illinois welfare officials announced. Dr. Murray was 66 years old and a native of Dayton, Ohio. He formerly served on the Jacksonville State hospital staff.

Dr. Murray was well known in Jacksonville, having served as a physician on the medical staff at Jacksonville State hospital. He came to Jacksonville in November 1917 and was transferred to the Dix State hospital in September 1920, to take over the duties as assistant managing officer.

Two years later Dr. Murray was appointed managing officer of the institution and had served continuously since that time.

Dr. Murray's last visit to Jacksonville was just one month ago, Sept. 13. He attended a meeting of managing officers at Pere Marquette park and spent the night at the local institution as the guest of Dr. James L. Smith, managing officer.

FINDING A FRIEND IN NEED

A woman reached gratefully to accept this dress from Mrs. Henri Servais, wife of Major Henri Servais of the Salvation Army. This scene is reenacted thousands of times each year. The Salvation Army distributes clothing, shoes, food, and other necessities to the needy of Jacksonville and Morgan county.

It has been sixty years since the Salvation Army came to Jacksonville. Since that day, in 1889, when the first post made its humble beginning, the list of activities and services rendered by this organization has grown into a long and enviable record of unselfish concern for the welfare of others.

The Salvation Army's unhesitating answer to the question, "Am I my brother's keeper?" is "Yes." Looking into the records of the Salvation Army for the past year, one sees at a glance the extent of its service. Attendance at Salvation Army sponsored youth activities totaled 5,341. More than 6,000 garments were distributed to Morgan county families. Not included in this were 449 pairs of shoes. Food

orders, medical attention, baby food, and furniture were likewise given of the needed assistance given. The Post provided transient lodging and meals to nearly 1,000 persons during the past year. When disaster struck in the county and a family was burned out of its home, the Salvation Army was on hand to provide replacements of food and clothing. Four tons of clothing and food were distributed by the Salvation Army at the time of the Bunker Hill tornado.

Feeding the hungry, clothing the unfortunate, visiting the sick, being friends to the friendless, are the basic problems concerning this organization, and its commander, Major Henri Servais. The Salvation Army is a member agency of the Community Chest.

This Fellow Santa Clause
...Who Is He Really?

By Hal Boyle

New York—(AP)—The question this Christmas isn't whether the children will continue to believe in Santa Claus.

It's whether Santa Claus can go on believing in himself. Every year he must be finding it more difficult. No figure of modern times—except perhaps Mother Goose—has had a harder time keeping his self-confidence than the fun-loving Saint. He has more critics than a French premier, and season after season he is finding himself cramped, cramped and confined by more restrictions. 1947 Tough Year For Santa

Take 1947—a really tough year for Santa. Psychologists issued stern warnings that he could damage a child's whole personality by giving him the wrong gift.

The prospect for 1949 and the years to come looks even bleaker for Santa Claus. For if this old soft-hearted scallawag is really to fit himself into the pattern of the atom age, there are a lot more changes to be made. Why, for example, should the idol of childhood remain a fat man? Too much fat is unhealthy. Santa Claus is going to have to go on a diet, train off his blubber and put on some good solid muscle.

Spraying his whiskers with DDT is only a temporary measure. He's going to have to whack off those germ-catchers, get rid of his five-o'clock shadow permanently. The best he can hope to hold on to is a mustache. Must Mend His Ways

And dear old Santa is going to have to mend his past—and perhaps change his clothing. Why do you suppose he wears that red suit? Did you know that Santa Claus isn't merely the patron saint of virgins and children? He's also the adopted saint of seafaring men, thieves, and yes—Russia.

What is he doing up there at the North Pole anyway? Just toying around? This fellow Claus will bear a lot more looking into. He's got plenty to explain—this mysterious stranger, who comes and goes in the night.

Druggish Health!
NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can now hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.

DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth—Nature's laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals

FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there regularly twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thronion in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results

WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize the priceless value of GEO-MINERAL.

New Helicopter Boasts Bus-Sized 'Capsule'

This is a drawing of the Air Force's new helicopter, the Piasecki XH-16, which will be the world's largest. The XH-16, with its detachable "capsule" the size of a cross-country bus, will be able to carry the largest load ever carried by this type of aircraft. The ship, designed for use as a troop and supply carrier, air ambulance, and large-scale rescue craft, is comparable in size to a Douglas C-54 airliner.

INDIA PLANS LABOR MOVEMENT PURGE

New Delhi —(P)—India's Labor Minister Jagjivan Ram has reiterated his determination to "purge" the Labor Movement in India of its present non-working class leadership.

Piloting through the dominion parliament the factories bill, he added: "I do not want workers to be spoon-fed by outside leaders for all time to come. I am determined to break the exploitation of workers by outside influences. The labor movement must be a movement for the working classes and by the working classes."

GAS FATAL FOR BIRDS

Yellowstone National Park, Wyo.—(P)—Whiffs of carbon dioxide—considered a non-poisonous gas—are killing birds flying over Mammoth hot springs in this famous park. Park rangers said they needed suggestions for some way to warn the birds of the deadly fumes over the bubbling pool near Orange Springs mountain.

The birds die, naturalists said, after inhaling a large volume of the gas. It forms a cell block against oxygen, causing suffocation. Victims include screech owl, western robin, evening grosbeak, green tailed towhee, cassin's purple finch, warblers and sparrows.

BURIED CITY FOUND IN ASIA
Copenhagen—(AP)—A few days before news of his death in Kabul reached Copenhagen, Henning Haslund-Christensen, the Danish explorer, revealed in a report that he had discovered the biggest town of ruins ever found in central Asia.

Haslund-Christensen, leader of a Danish expedition with present headquarters at Kabul, Afghanistan, said the town's name is Lashgari Sarai, and several hundred years ago it was inhabited by at least 10,000.

In the middle of the town there is a huge palace. The palace and hundreds of houses are now filled with and covered by yellow desert dust, but it is easy to see that there had once been a flourishing life.

The expedition is now investigating the cause of the decline of the community, possibly raided by Genghis Khan or Timur Lan, who devastated great areas in Europe and Asia.

COWS MUST HEW TO PARTY LINE
Prague—(AP)—Cows which have failed to deliver their quota of milk under Czechoslovakia's two-year plan are going to have to undergo inspection, the Department of Agriculture has announced.

It was an indirect way of warning farmers and peasants who haven't been delivering all of their milk to market for sale at controlled prices that the government is ready to step in and keep records on each cow's output. If the cow's owner doesn't deliver the quota, he'll have to answer.

From where I sit ... by Joe Marsh

**How to Celebrate Your
Wedding Anniversary**

The "Dutch" Millers celebrated their Tin Wedding Anniversary Saturday. Everything had to be tin. Folks even ate off tin plates, and drank coffee out of tin cups.

When it was time to drink a toast to the "bride and groom," out came the final touch: ice cold beer in cans. And come the Millers' 15th anniversary (Glass) I expect we'll be bottling them with sparkling beer in bottles!

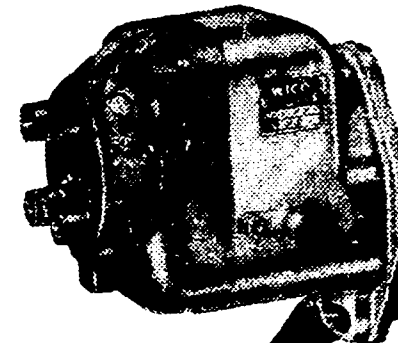

And I couldn't help thinking that there was a lesson for married folks in the way Dutch and his

missus have got along together—in their policy of live-and-let-live, with never a criticism of each other's differences in taste.

From where I sit, it's due to two things: Temperance—as that moderate preference for beer suggests, and Tolerance—for their own differences of opinion—and for the tastes of others, whether applied to beer, to politics, or how to celebrate an anniversary.

Winchester Challenges Panthers In Ivy Loop

By Bill Chitman
Jerseyville—(Special)—Coach E. V. Hall's Jerseyville Panthers will risk their undefeated record on the home field Friday night when they entertain Winchester's hard luck team in an important Illinois Valley conference game. Kickoff will be at 8 p. m.

Four Straight
Jerseyville's well-balanced outfit has won successive games over Pleasant Hill, Winchester, Carrollton and White Hall. The last named was the first to score on the Panthers; as Barnd broke loose on two long runs, but the Panthers' defense still looked good as they held the Big White Hall crew to only three first downs while they registered 17.

Winchester bowed to Jerseyville 13-0 in a non-conference game early in the season. The Wildcats gave the Helt aggression their toughest game today. Coach Howard Lester's organization has been the hard-luck club of the loop, gaining considerable yardage only to bog down at the goal line. Their performance against Roodhouse, when all the statistics except the 7-6 score favored them, indicates they will be a tough hurdle for every team left on their schedule.

Other Ivy Games
Other loop games this week send White Hall to Carrollton Thursday night, Pittsfield to Pleasant Hill Friday afternoon and Roodhouse to Greenfield Friday night.

Pleasant Hill's big game is always against Pittsfield, a Pike county rival, but Coach Glen Smith's crew seems to pack too much power for the Hilltoppers.

Tennill has recovered from a fractured arm and may play his first game of the season with Roodhouse at Greenfield. He will bolster the forward wall for Coach Mason Campbell, who has been using only two experienced players.

Defense Out The Window—Teams Work On Passing

New York, Oct. 13—(P)—Defensive football, with its accompanying cry of "hold that line," apparently has been tossed right off the nation's gridirons as teams concentrate on spectacular, wide-open attacks.

College coaches seem generally to have adopted the theory that a good offense is not only the best defense but the only defense.

At least, such is the indication contained in the defensive statistics of the major eleven announced today by the National Collegiate Athletic Bureau.

These show that North Carolina State owns the best overall defensive record; that Wyoming tops all the other teams in defense against ground attack, and that Northwest leads in aerial defense—a revelation which will not surprise UCLA, Purdue or Minnesota.

But the unusual angle is the fact that all these leaders have given away chunks of yardage far in excess of that yielded by their predecessors in other years at this stage of the season.

North Carolina State, for instance, leads in total defense although it has allowed Duke, Clemson and Davidson a total of 407 yards both on the ground and in the air. A year ago at this time, North Carolina State's present defensive average of 135.7 yards yielded per game was bettered by no less than 13 teams.

The statistical bureau says this is the first time in its history that the season has reached this point without a single team boasting a defensive average of less than 100 yards per game.

Most of the yardage is being given up through the air lanes.

Wildcat Center Named Lineman Of The Week

New York, Oct. 13—(P)—Alex Sarkisian, a 60-minute center in Northwestern's 19-16 victory over Minnesota, today was voted football lineman-of-the-week in the first of a series of weekly Associated Press polls.

Captain of the Northwestern team that faces the Michigan powerhouse at Ann Arbor Saturday, Sarkisian was one of 29 linemen who drew votes for outstanding work.

The 215-pound senior played a major role in Northwestern's triumph over the previously unbeaten, untied Gophers. The Wildcats now have won three in a row as they head into a violent collision with Michigan.

Sarkisian may have a battle on his hands to outshine Michigan's center, Dan Dworsky, who also drew support in the A.P. poll.

Chuck Bednarik, Pennsylvania's All-America center of last year, was mentioned for his fine play in the Quakers' 29-7 success against Princeton.

Other centers who were complimented with votes were Dick Woodard of Iowa's upset winners over Ohio State and Bob Fuchs of Missouri.

Len Szafaryn of North Carolina and Tom Salisbury of Clemson led the class of eight tackles who were mentioned.

The guards were topped by Al Hemsted of the University of Washington and Paul Burris of Oklahoma. Other linemen mentioned in the poll included:

Ends—Grant, Minnesota; Huey, Michigan State; Valek, Illinois; Hagaman, Northwestern.

Tackles—Kay, Iowa; Fritz, Missouri; McGeehee, Notre Dame; O'Reilly, Purdue; Wilson, Ohio State; Guards—Siegert, Illinois; Tomasi, Michigan; Kissell, Minnesota.

Name Kiki Cuyler To Succeed Baker As Red Sox Coach

Boston, Oct. 13—(P)—Appointment of Hazen (Kiki) Cuyler to replace Del Baker as a Red Sox coach was reported today by the Boston American league club. The Sox office said Manager Joe McCarthy made the announcement by telephone from his Buffalo, N. Y., home.

No reason was given for the announced resignation of Baker and all questions concerning him were turned aside. Baker, former Detroit Tiger manager, has been a Red Sox coach for several seasons.

Cuyler was one of McCarthy's players when the heavy-jawed Buffalonian managed the Chicago Cubs. He managed Chattanooga in the Southern Association in 1939, 1940 and 1941, winning the pennant in his first year. He coached the Chicago Cubs in 1942-43 and since then has managed Atlanta in the Southern Association. He quit that job, where he won the pennant in 1945-46, after this past season.

Baker's announced resignation came soon after the Sox had announced that George (Specs) Torpner had quit as farm director and been replaced by Johnny Murphy, who has been a scout.

By CHARLES BELLATTI

Consultation for our poorest showing of the season (a .706 reading last week) lies in the fact that we weren't the only one taking a tumble. Thirteen gridiron upsets throughout the nation sent the experts into retreat.

Fortunately, we picked a few of them (such as Michigan over Purdue) and did fairly well on local game prognostications.

Our .706 of last week, combined with previous .714 and .821 showings, gives us a record for the season of .747.

I guess we like going out on a limb. This week we're really throwing a bombshell, picking Jacksonville teams to win all three of their week-end combats.

JACKSONVILLE 20, SPRINGFIELD 20, PITTSFIELD 20. Really going overboard on this one, but the Crimsons have been knocking on the door of an upset for three weeks. A crippled Flyer club is going to be the victim and Jacksonville's Central conference finish will be its highest in years.

ILLINOIS DEAF 20, WISCONSIN DEAF 0—The northerners haven't won one this season, and they aren't going to start with an outfit which skunked them last time out. And, don't forget, this is the I. S. D. homecoming.

ILLINOIS COLLEGE, 14, EUREKA 7—The Blueboys seem to be looking for a soft touch in the Red Devils. Coach Paul LaVinn's aggregation is still unbeaten, however, and won't give in without a battle. A two-deep backfield offers a real threat. The weakness is in the forward wall.

Down the line in the Illinois Valley conference: PITTSFIELD 39, PLEASANT HILL 0—Cutting a few points off the Saukees' high rating because of injuries and the fact that they probably regard this intra-county test as a breather.

ROODHOUSE 13, GREENFIELD 7—Here's a tough one, but Coach Mason Campbell's squad should come through, although playing on a foreign ground. Good chance for an upset, though.

JERSEYVILLE 25, WINCHESTER 7—We're well aware of the fact that Coach Howard Lester's Wildcats are on the upgrade, but we don't want to desert the point ratings all together. It may be closer, but a Winchester victory is very unlikely.

WHITE HALL 14, CARROLLTON 13—One might just as well toss a coin on this one. But Barnd should make it a losing night for the Hawks.

Closing out the local crystal-gazing with:

NOKOMIS 25, WAVERLY 0—Nokomis is stronger than we had expected, having beaten St. Elmo, Girard (25-0) and Diverson (34-14). So, it's watch our Scotties.

Now for the national prospects, and let's hope that Board's point-ratings cast some spell over the teams this time.

MICHIGAN 21, NORTHWESTERN 14—We picked 'em to lose last week. We'll do it again. The Wildcats had a real battle with Minnesota, but the Wolverines coasted through their dizzy win over Purdue. Both squads will be near full strength.

MINNESOTA 25, ILLINOIS 7—Unless Krueger starts pitching them earlier in the game. In that case, storm signals might wave from atop the Minnesota stadium.

PURDUE 28, IOWA 7—The Boilermakers have been disappointing for a team that was rated tops in the Big Nine. Here's where they'll probably show their power. The Hawkeyes certainly can't pull two upsets in a row, can they?

OHIO STATE 25, INDIANA 13—Both teams are due to show some fireworks, but too Buckeyes will be bouncing back from their upset defeat at the hand of Iowa.

YALE 14, WISCONSIN 7—We just can't be satisfied with sticking to the form sheets. This would be an upset. The Badgers will be favored, but they're down after their loss to California.

MISSOURI 21, NAVY 7—We've sunk three straight times with the Middies and now we're getting off their ship. A victor over S. M. U. should be able to stop Annapolis from celebrating its first win of the season.

ARMY 28, HARVARD 14—Oh, what a line. We hope Stuart is back, or this might rebound.

NOTRE DAME 28, NEBRASKA 7—The Irish will win as they please. Only Northwestern can block an undefeated season.

Running over some other features of the weekend card: Oklahoma 21, Kansas State 7; Michigan State 21, Arizona 0; Pennsylvania 20, Columbia 7; Penn State 20, West Virginia 6; Dartmouth 21, Colgate 7; Wake Forest 26, Duquesne 6; North Carolina 28, North Carolina State 7; Georgia Tech 28, Auburn 14; Georgia 21, Louisiana State 7; Mississippi State 20, Cincinnati 0; Florida 28, Rollins 0; William and Mary 14, Virginia Tech 0; Baylor 20; Texas Tech 6; Texas Christian 28, Texas A&M 14; Utah 21, Denver 3; California 27, Oregon State 7; Oregon 14, Southern Cal. 0; Detroit 20, Miami 0.

And, the one which we shouldn't include: Pittsburgh 14, Marquette 13.

Baylor's Bears Remain Unbeaten In Southwest

Waco, Tex., Oct. 13—(P)—Before the season started Baylor's Bears were selected by the sports writers to finish in the southwest conference cellar. Today they are the only undefeated team left in the circuit. But, says Coach Bob Woodruff, time can take care of that.

"We're in almost the same spot as last season at this time," said the Baylor mentor now in his sophomore year as headman of Bear gridiron fortunes. "You know what happened in 1947."

At this period last year the Bruins had won three games and had just beaten Arkansas in a major upset. Today they have a record of two victories and a tie, the latter against powerful Mississippi State. Last week they licked Arkansas in another big upset.

In 1947 the Bears next downed Texas Tech, then came the crash. They were to capture only one more contest the rest of the season, finishing with a record of five victories and five defeats and winning only one game in the conference race.

"They're making me an old man," said the 32-year-old Woodruff, one of the youngest head coaches in the nation. "In every game we've played this season we've had to come from behind. Tulsa had us 13 points down. Against Arkansas we just didn't make any mistakes and cashed in on those Arkansas made. They outgained us all the way around. I'm afraid we'll be flat this week against Texas Tech and will take a licking. You know, the boys have been 'up' for two ball games."

Woodruff admitted his star running back, George Sims, had had most to do by the Baylor victories. His kick returns are always putting the opposition in a hole.

U. of I. Will Observe 'Lou Boudreau' Day

Champaign, Ill., Oct. 13—(P)—Lou Boudreau, player-manager of the world's champion Cleveland Indians, will be honored with a "Boudreau Day" by the University of Illinois Oct. 23.

C. E. Bowen, executive director of the Illinois Alumni Association, said today that Boudreau has accepted an invitation to attend a pep rally Friday night, Oct. 22, and will appear between halves of the Illinois-Purdue football game at Memorial Stadium the next day.

The 31-year-old Illinois graduate, most famous athlete produced by the school since the days of the fabulous Red Grange, also will attend the annual I-men's banquet that weekend.

In addition, he will be feted by a twin city celebration arranged by the Champaign Chamber of Commerce, the Campus Business Men's Association and the Urbana Association of Commerce.

Boudreau and Grange are the only former Illinois athletes to be honored by their alma mater in this manner. Grange, "galloping ghost" of the gridiron in the 1920's, was similarly feted in the late 1930's.
